### SUBSTANCE & MENTAL HEALTH

**TIMOTHY C. WARD** COMMISSIONER

**RICKY MYRICK** CHIEF OF STAFF

**JAY SANDERS** ASSISTANT COMMISSIONER INMATE SERVICES DIVISION

The Inmate Services Division is responsible for overseeing the operations of Academic Education, Chaplaincy, Health Services, Risk Reduction Services, Substance Abuse, Transitional/Reentry Services and Vocational Education. These areas are critical to Governor Nathan Deal's criminal justice reform and prison reentry initiative. Substance and Mental Health treatments were created to assist offenders who have substance abuse and/or mental health disorders.

## RESIDENTIAL SUBSTANCE ABUSE TREATMENT PROGRAM OVERVIEW

The Residential Substance Abuse Treatment (RSAT) programs have been in existence for more than 10 years and were created to help offenders return to society as law abiding, self-supporting, pro-social citizens thereby reducing recidivism

### PROGRAM DESCRIPTION

- A 9-month, highly structured program targeting high risk, high needs offenders nearing release, probationers sentenced by the courts, parole revocators and other court or GDC-referred offenders who have a need for intensive substance abuse programming
- Offenders have a history of substance abuse which was the causative factor to their correctional supervision
- Offenders involved are in an intensive, highly structured residential therapeutic treatment community, comprised of peer groups and counselors.
- The community is responsible for helping offenders work together under the authority and supervision of staff.
- Program incorporates process and psycho-educational groups, individual counseling, work details, and vocational education
- Offenders balance work with intensive individual and group counseling sessions
- Offenders are subject to random drug screening
